NRO REVIEW COMPLETED

MEMORANDUM FOR: Director of Central Intelligence 30 June 1958

SUBJECT : AVIATION WEEK Article on Pied Piper (WS-117L)

1. About a week ago you asked for my comment on the article (which is clipped in the attached copy of AVIATION WEEK) on the Pied Piper Program. Herewith is a statement prepared in response to your request. I draw your attention particularly to paragraph 6.

2. My own feeling about the article is that although it resembles many speculative articles in the technical press in that it is somewhat damaging, it does not really constitute evidence of a leak. I do not think we should be too troubled about it.

RICHARD M. BISSELL, JR.
Special Assistant to the Director
for Planning and Development
